

# LIVE RICHER CHALLENGE

## Credit Edition

### Goal Sheet

#### How to use this goal sheet

Dream Catcher, take a moment to reflect on your current credit life. How can you improve your credit habits? Where do you wish to be credit-wise in 3-months, 6-months, 1-year? Think about your credit goals and use the space below to declare your success.

#### My top 3 credit goals

Dream Catcher, remember that these goals should be declarations of intention. Be specific, be realistic, set a deadline! I've included examples of both a fragile and a strong goal. My hope is that you will create (3) strong credit goals.

#### Examples:

Fragile: "I want to have a better credit score."

Strong: "I will increase my credit score by 100 points by October 2017"

I, \_\_\_\_\_, pledge to work towards achieving the above goals, beginning with the Live Richer Challenge: Credit Edition, presented by The Budgetnista.
