

LIVE RICHER CHALLENGE

Homebuying Edition Goal Sheet by The Budgetnista

For the first task of the LRC: Homebuying Edition, I want you to write down two goals that you have for the Challenge.

Don't miss this step! Setting tangible goals is important because:

- Identifying and writing down your goals gives you a mission to fulfill as you're completing tasks.
- Writing down goals gives them power.
- Sharing your goals holds you accountable.

Here are a few examples of good goals:

- By the end of this Challenge, I want to learn strategies to save for my down payment.
- By the end of this Challenge, I want to learn down payment programs I can qualify for to buy a house.
- By the end of this Challenge, I want to know what credit score I need to qualify for different loan products.

Be sure to make your goals actionable.

Goal #1 _____

Goal #2 _____
